Milhade

VINS, SPIRITUEUX & ÉMOTIONS

Milhade is a family business founded in 1938. Its history is that of a family of winemakers, merchants and entrepreneurs, the fruit of 4 generations of enthusiasts, each with their identity and their imprint, from which the company now derives great strength and invaluable wealth.

Today, Charlotte represents the 4th generation of the Milhade family, alongside her husband Valentin. Both engineers, they bring an expert and resolutely contemporary look: Charlotte takes care of the commercial part and the trading activity, Valentin manages the technical part.

Milhade is finally a family in the family with 15 collaborators, faithful for more than thirty years for some, all passionate, who cultivate a spirit and “home” values, always focused on the unique satisfaction and pleasure provided to the customer.
